Why You'll Love Working at MRPD

We proudly serve the Moapa River Indian Reservation with a strong commitment to community-oriented policing.

As a small, team-focused agency, we value integrity, trust, and professionalism while encouraging officers to be proactive, visible, and engaged.

Our rural environment offers a unique alternative to large urban departments—lower call volume allows for more meaningful community interaction, proactive patrol, and thorough police work.

With close-knit teamwork, strong communication, and opportunities for growth, MRPD provides a supportive environment where every officer's voice matters.
